

Metz
CULINARY MANAGEMENT

August 1, 2017

Dear Parents:

With the recent adoption of the Pennsylvania Department of Education Nutrition Standards, classroom parties and celebrations are changing in schools throughout the state. The latest nutrition standards encourage parents and teachers to select foods that are lower in calories and sodium and higher in fiber. In addition, if beverages are served in classroom parties, they must be healthy beverages such as water or 100% fruit juice.

Metz Culinary Management is proud to offer our Nutritious Party Menu to parents, teachers and students. Our Nutritious Party Menu was created several years ago to help parents and teachers offer healthier classroom parties for students. It has been revamped to correspond with the latest nutrition standards.

Our Nutritious Party Menu is competitively priced and offers a wide selection of choices, from our "Fruitabulous Party" offering fresh fruits served with low-fat yogurt dip, to our "Salsa and Chips Party" offering a delicious salsa served with baked corn chips.

What's more, our Nutritious Party Menu is a real time-saver for busy parents and teachers looking to provide healthy, economical party foods for their child's special celebration.

Please find enclosed with this letter a Metz Culinary Management Nutritious Party Menu, along with the ordering information and our contact information.

Please feel free to call me with any questions, or to place an order.

Sincerely,

Jenny Johns
